DETAILED ACTION

- This action is responsive to the following communication: amendment filed on 12/22/08.
- Claims 1, 4-9 are now allowed; claims 2-3 have been canceled.

Response to Arguments

Applicant's arguments, see page 4, filed 12/22/08, with respect to claims 7-8 have been fully considered and are persuasive. The 112, 2nd paragraph rejection of claims 7-8 has been withdrawn.

Allowable Subject Matter

- Claims 1, and 4-9 are allowed; renumbered as claims 1-7.
- The following is an examiner's statement of reasons for allowance: The cited prior arts (US 5754308 to Lopresti et al; US 6330976 to Dymetman et al) of record teach an image forming apparatus includes a scanner for scanning documents and to retrieve stored documents from remote computer system via using printed barcode on a document, but the prior arts of record fail to teach and/or suggest "the document being printed with a document content and a plurality of coded tags, each tag encoding an identity of the document and the position of that tag on the document, the scanner incorporating a sensor for sensing the coded tags; means for transmitting the document identity and tag position of a sensed tag to a computer system networked with the copier, the computer system identifying a digital version of the document from the received document identity and determining user input on the scanned document using the received tag position" and in combinations with other features in the claim as cited in independent claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
